

SYDNEY- W20

Runway Movement Rate:

- No more than 80 planned movements in any 60 minute period, checked at 15 minute intervals
- No more than 21 planned movements in any 15 minute period
- No more than 8 planned movements in any 5 minute period
- No more than 50 planned arrival movements in any 60 minute period, checked at 15 minute intervals

TERMINAL 1

Apron Parking at the International Passenger Terminal (Terminal 1)

- Up to 49 parking positions in total (25 active contact, 18 active non-contact, 7 layover, minus 1 bay for construction)

Active contact parking at T1:

- 6 bays for aircraft up to Code F
- 17 bays for aircraft up to Code E
- 2 bays for Code C aircraft

Active non-contact parking at T1:

- 16 bays for aircraft up to Code E, of which 5 are for arrivals only
- 2 bays for Code C aircraft

Layover-only parking at T1:

- 1 bay for aircraft up to Code F, with no corresponding reduction in active parking
- 6 bays for aircraft up to Code F, with each used bay reducing Code E active non-contact arrivals capacity by 1
- 1 bay for aircraft up to Code E

Layover-only parking for use by T1 and T2:

- 5 bays for aircraft up to Code E
- 4 further bays for Code C aircraft, with each used bay reducing Code E capacity by 1

Note: Aircraft scheduled to stop in excess of two hours may be required to change gate position or be moved to a remote parking area. Transit and quick turnaround aircraft scheduled to depart less than two hours after arrival will generally be allowed to remain at the terminal but may be asked to change their apron position.

Maximum Passenger Arrival Rate (T1)

7430 inward seats in any 60 minute period

Maximum Passenger Departure Rate (T1)

6380 outward seats in any 60 minute period

AIRPORT COORDINATION AUSTRALIA

Level 3, Suite 1297, International Terminal (T1) Sydney International Airport, NSW 2020 Australia

Apron Parking at the International Freight Terminal

Maximum occupancy for arriving and departing aircraft is 90 Minutes, for transit and turnaround aircraft 180 minutes during the period 06:30 to 12:00 local.

Note: Layover freighter aircraft are not permitted between 06:30 and 12:00 local, unless they have firm confirmation for accommodation in the maintenance area of a home base airline before allocation of the slot(s). Such flights will not be able to accrue historical precedence because of their dependence on third party accommodation. Freighter aircraft accommodated on passenger aircraft positions will not be able to accrue historic precedence and will only receive a conditional allocation.

TERMINAL 2

Apron Parking at the Common User Domestic Terminal (Terminal 2)

- Up to 38 parking positions in total (up to 23 active contact, 15 active non-contact)

Active contact parking at T2:

- 4 bays for aircraft up to Code E
- 15 bays for aircraft up to Code C
- 4 further bays for Code C aircraft, with each used bay reducing Code E capacity by 1

Active non-contact parking at T2:

- 3 bays for aircraft up to Code C
- 12 bays for turbo-prop aircraft

Layover-only parking for use by T1 and T2 (for airlines without home base):

- Capacity as outlined in the Terminal 1 section above

Layover-only parking at T2 (for airlines without home base):

- 2 bays for aircraft up to Code E
- 1 bay for aircraft up to Code C
- 1 further bay for Code C aircraft, reducing Code E capacity by 1

Maximum Passenger Arrival Rate (T2)

3550 inward seats in any 60 minute period

Maximum Passenger Departure Rate (T2)

3600 outward seats in any 60 minute period

TERMINAL 3

Apron Parking at the Common User Domestic Terminal (Terminal 3)

- Up to 24 parking positions in total (up to 17 active contact, 7 active non-contact)

Active contact parking at T3:

- 5 bays for aircraft up to Code E
- 7 bays for aircraft up to Code C
- 2 further bays for Code C aircraft, with each used bay reducing Code E capacity by 1
- 3 bays for turbo-prop aircraft

Active non-contact parking at T3:

- 7 bays for turbo-prop aircraft

Layover-only parking at T3:

- All T3 layovers must be handled within Qantas Jetbase capacity

Maximum Passenger Arrival Rate (T3)

2920 inward seats in any 60 minute period

Maximum Passenger Departure Rate (T3)

2820 outward seats in any 60 minute period

New and Changes to Domestic Slots for T2 and T3

May receive a conditional slot while operational needs are assessed as the terminals transition to airport control.

Curfew

23:00 to 06:00 local daily (no planned movements 22:30 to 06:05 local), except for 21 international arrival movements per week between 05:05 and 05:59 local, excluding DST periods.

No takeoffs permitted to the North (Runway 34L after 22:45 local). (Penalty \$850,000)

Local Time

25OCT- 27MAR UTC +11:00
