DRW Runway Works

Major Defence Project P0009 Runway 11/29 Reconstruction works will be in progress from August 2023 to February 2025.

Restrictions to aircraft operations advised during industry consultation and in accordance with MOWP YPDN 23/02 will be in place during various stages of these works that will impact airline schedules during W24.

The Return to Service (RTS) runway grooving Stages 22 and 23 of the works will be undertaken between 0145-0545 Local Time from November 2024 to March 2025 (note no works are scheduled between 21 December 2024 and 05 January 2025).

Subject to Darwin Airport approval the following scheduling restrictions apply:

- Last scheduled RPT 'back of clock' departure Runway 11/29 0115L.

Other flights scheduled to operate between 0115L – 0545L during the active date periods of Stages 22 and 23 that cannot accept the reduced operating length may require to be retimed.
